Greenery unlike any other!

We pride ourselves on our sustainably-harvested evergreens. Our harvesting practices promote growth in the forest; trees are not cut down, and we never use old growth materials.

From the time of harvest to your front door, Sherwood Forest Farms ensures optimum conditions for our evergreens.

ALTITUDE MATTERS

High elevation growth environments in the Pacific Northwest increase the heartiness of the bough. After harvest, the density of the Noble fir ensures the extended lifespan of our products.

QUALITY MATTERS

We ship our items in temperature-controlled refrigerated trucks that are set to mimic natural conditions and humidity of growing lands, allowing us to unconditionally guarantee our products from the shores of the Pacific to the East Coast.

Greenery exclusive to the Pacific Northwest!
